PATENT

Docket No. GC626-3

IN THE UNITED STATES PATENT AND TRADEMARK OFFICE				
In re A	Application of)		
Estell	et al.) Group Art Unit: 1645		
Serial	No. 09/932,279) Examiner: Not Assigned		
Filed:	August 17, 2001))		
For:	Mass Spectrometric Analysis of	RECEIVED		
	Biopolymers	JAN 0 7 2003		
	Information D	Disclosure Statement TECH CENTER 1600/2900		
	nissioner for Patents ington, DC 20231			
Sir:	•			
• •		ions or other information (listed on the attached		
	·	nich they are aware, that they believe may be		
		n and in respect of which there may be a duty to		
disclo	se in accordance with 37 CFR §1.56.			
This I	nformation Disclosure Statement:			
(a) accompanies the new patent application submitted herewith. 37 CFR §1.97(a).				
	(b) is filed within three months after the filing date of the application or within three months after the date of entry into the national stage of a PCT application as set forth in 37 CFR §1.491.			
	(c) \boxtimes as far as is known to the undersigned, is filed before the mailing date of a first Office Action on the merits.			
	(d) is filed after the first Office Action and more than three months after the application filing date or PCT national stage date of entry filing but, as far			

Serial No. 09/932,279
Page 2

as is known to the undersigned, prior to the mailing date of either a final rejection or a notice of allowance, whichever occurs first, and is accompanied by either the fee (\$180.00) set forth in 37 CFR §1.17(p) or a certification as specified in 37 CFR §1.97(e), as checked below. Authorization to charge Deposit Account No. 07-1048 in the amount of \$180.00 to cover the cost of this

herewith in duplicate.

(e) is filed after the mailing date of either a final rejection or a notice of allowance, whichever occurred first, and is accompanied by authorization (in the Transmittal Letter submitted herewith in duplicate) to charge Deposit Account No. 07-1048 the fee (\$180.00) set forth in 37 CFR §1.17(I)(1) and a certification as specified in 37 CFR §1.97(e), as checked below. This document is to be considered as a petition requesting consideration of the Supplemental Information Disclosure Statement.

Information Disclosure Statement is provided in the Transmittal Letter submitted

	\				
[If either of boxes (d) or (e) is checked above, the following "certification" under 37 CFR					
§1.97(e) may need to be completed.] The undersigned certifies that:					
Each item of information contained in the Information Disclosure Statement was cited in a communication mailed from a foreign patent office counterpart foreign application not more than three months prior to the filing this Information Disclosure Statement.					
No item of information contained in this Information Disclosure Stater was cited in a communication mailed from a foreign patent office in a counte foreign application or, to the knowledge of the undersigned after making reasonable inquiry, was known to any individual designated in 37 CFR §1.56 more than three months prior to the filing of this Information Disclosure Statement.	rpar				
A copy of the items on Form PTO-1449 is supplied: PCT International Search Report for					
, filed with attached patents and publications.					
☐ each ☒ none ☐ only those listed below:					
Those patent(s) or publication(s) which are marked with an asterisk (*) on the attached Ford PTO-1449 are not supplied because they were previously cited by or submitted to the Office a prior application, Serial No. 09,932,369, filed August 17, 2001, and relied upon in this application for an earlier filing date under 35 USC 120.					
A concise explanation of relevance of the items listed on PTO-1449 is:					

given for each listed item

Serial No. 09/932,279 Page 3

The Examiner is reminded that a "concise explanation of the relevance" of the submitted prior art "may be nothing more than identification of the particular figure or paragraph of the patent or publication which has some relation to the claimed invention." MPEP §609.

While the information and references disclosed in this Information Disclosure Statement may be "material" pursuant to 37 CFR §1.56, it is not intended to constitute an admission that any patent, publication or other information referred to therein is "prior art" for this invention unless specifically designated as such.

In accordance with 37 CFR §1.97(b), the filing of this Information Disclosure Statement shall not be construed to mean that a search has been made or that no other material information as defined in 37 CFR §1.56(a) exists. It is submitted that the Information Disclosure Statement is in compliance with 37 CFR §1.98 and MPEP §609 and the Examiner is respectfully requested to consider the listed references.

Respectfully submitted,

S Far
